GEO MET RIX

Asian Paints presents Apex Ultima Wall Art Geometrix, inspirational wall art collection for your society's exteriors. This collection celebrates geometric shapes, injecting your society with a modern personality. Geometrix plays with familiar shapes, infusing squares, rectangles and right angles with bursts of colour.

Through Colour-Blocking, the global trend that's sweeping architecture and design, Geometrix combines contrasting hues that break the monotonous blank spaces with eye-catching results, creating a feeling of pride and build on a sense of community. Make your mark with the Geometrix collection by Apex Ultima Wall Art.
